

APPLICATION GUIDELINES

Please read the following carefully and provide all required information. Only complete applications will be considered.

1. Eligibility:

The fellowships will only be awarded to individuals who have the equivalent of the Royal College of Physicians and Surgeons College in Neurology (or who are working toward this) and will be qualified to practice in the movement disorder field in Canada. In addition, applicants must be involved with institutions that have established training programs with appropriate resources to provide both clinical and research training in dystonia, including the use of botulinum toxin type A or type B approved for use in Canada.

The applicant must have a mentor at the institution with clinical expertise in dystonia, who will develop a mentorship plan for the fellow. To become eligible, an institution must provide information on the training environment, program curriculum, available resources and the expected amount of exposure to patients with dystonia.

2. The following items must be submitted:

- **Application Cover Sheet**
- **Mentorship Plan**, which must include information on the institutional training program curriculum, available resources, and amount of exposure to dystonia patients that will be provided. This should include a letter from the mentor detailing his/her support and commitment.
- **Curriculum Vitae of Applicant.** Do not exceed 5 pages
- **Curriculum Vitae of Mentor.** Do not exceed 5 pages
- **Applicant's Personal Statement:** Describe your professional interests, achievements, and plans for the future. Do not exceed 2 pages
- **Letters of Recommendation:** Two letters of recommendation must be provided from:
 - Applicant's residency program director
 - One letter from a faculty or physician with whom the applicant has worked
- **Budget Information:** Discuss how funds will be used. The maximum amount available for this fellowship is \$55,000 for one (1) year. Up to 10% (\$5,000) may be used for research expenses and travel to scientific and clinical meetings. No institutional indirect costs are allowed. Provide written assurance that upon receipt of a DMRF Canada clinical fellowship, there is no overlap of any kind in current or anticipated funding of the DMRF Canada fellowship. If the DMRF Canada fellowship is to be supplemented by other funds this must be clearly stated and justified.
- **DMRF Canada Clinical Fellowship Training Program Terms and Conditions signed by the applicant and his/her Institution.**

Please submit completed application package via email to:
